

School Site Planning Summit March 3rd, 2018 at Everett MS

A. Francisco Middle School data snapshot - Max

- Our redesignated population is our highest performing group in compare to the other middle school sites.
- School lunch forms - how to reach out and have more families to complete
- Social Emotional Survey - Families outreach with the survey this year via website, SSC meeting, PTO meeting during parent-teacher conference, WeChat, during Advisory
- African American students are our SBAC lowest performing group, low attendance looking forward on how to support them.
- Supports for our African American 6th graders - paraprofessionals, volunteers, attendance.

1. Culturally Responsive Teaching - infused throughout the school year

- Looking at the calendar and celebrate the diverse cultures at our school
- Have a committee that works throughout the year
- Intentional/ Naming it - race, language, class, LGBT
- Reaching out to the families - our new family liaison
- Put a packet together and give to Kylie
- Ask the families if they agree to share their status with the staff
- Plan from the beginning of the year
- Involve parents

2. CELT level at our school - new test is ELPAC

- Our students have high scores on speaking

3. Student Centered classroom and tech integration

- Student led conferences
- Changing out novels
- Tech integration

B. Francisco Middle Redesign - Patrick West

1. Implementing next year

- Moving to block schedule
- Advisory - changing or eliminating
- Acceleration for all
- Avid 6th grade class
- Early release Wednesday
- Looking at teacher schedule and moving to a single subject credentials
- Health class
- School day stays the same - change start time slightly
- Peer resource teacher (elective) - student led tutoring, peer conflict resolution, Student led community circles, leadership

2. Balanced Scorecard 2018-2019

- Presenting it SSC on Thursday
- Our budget
- Structured collaboration time
- Substitute teachers
- Currently our 6th grade is undercooked
- Projecting 6th grade class size - 33 students
- Keeping all our staff
- Maybe adding paraprofessionals
- Building 6th grade community, support groups
- PACS - Tier 1 behavior support system
